Chalet Sorojasa is one of our longest-standing and best-loved properties, summer 2018 brought a modern twist to the chalet, with monochrome touches, stylish art and new soft furnishings throughout.

The top floor of the chalet is dedicated to a stylish open plan living, dining room and kitchen complete with comfortable seating, jaw-dropping views from the huge picture windows, leading out to one of the chalet's balconies and a stone fireplace at it's heart. All five bedrooms at Chalet Sorojasa offer calming, relaxed atmospheres for perfect post-ski relaxation.

With a secluded and quiet location, yet just 200m from the main Medran lift station, Chalet Sorojasa has an enviable spot in Verbier. The 330m² stand-alone luxury chalet offers relaxed family living, a fantastic TV room, indoor pool and brand new massage room all spread over four floors accessed throughout by elevator or the central staircase.

Chalet Sorojasa is perched near the edge of Verbier's south-facing plateau, giving it dramatic views down to the Val de Bagnes and across to the Mont Blanc Massif beyond. Skiers of almost all abilities can actually ski back to the chalet's front door by following a short path through the trees. The 11-metre indoor swimming pool is the ultimate place for an après-ski chill-out and is found on the lower ground floor. Also found here is the steam room and massage room.

“We had a wonderful week! It was our first time in Verbier and we loved it. Chalet Sorojasa was very well situated, very convenient and very well appointed. We were extremely well looked after by Tom and Siena who did their utmost to make our stay memorable.”
