Treize Etoiles is one of Verbier's most luxurious penthouse apartments. Designed by highly renowned local architects, attention to detail is at its finest.

Ideally located just a few minutes walk from the centre of Verbier, however guests still have the added luxury of the 24 hour driving service day and night. Sunlight floods through the living room's floor to ceiling double height windows, which open onto a large south facing balcony overlooking the valley. On the balcony, sink into the soft sheepskin covered chairs or enjoy a chilled glass of champagne in the private outdoor hot tub. The 275m² penthouse is equipped with state of the art technology including a Sonos music system linked to every room.

The upstairs mezzanine level is a comfy snug with TV and an Apple TV. Each of the five individually designed bedrooms has an eclectic mix of vintage pine and cool contemporary features. With four super-king/twin bedrooms and one bunk room the chalet can sleep 8 – 12 guests very comfortably. The master bedroom is unique with a spacious balcony looking out onto the mountains behind. For children, the bunk room has a toy cupboard and DVD player, giving them the perfect hideaway. After a hard day on the slopes, guests can enjoy afternoon tea with freshly baked cake and indulge in the chalet's many luxuries; whether it be soaking in the private hot tub or having a sauna and hammam.

“Thank you so much for all your hard work for us last week. We thought your food was fantastic – the gin and tonic ceviche has been much spoken about, as well as the tarte tatin, the jerk chicken and many more dishes besides. We were so impressed by your professional attitude and willingness to cater for slightly tricky tastes. Thank you so much for all your hard work. It was noticed and much appreciated.”
