VERBIER

# CHALET BIBI

VERBIER | Sleeps 6+3 spa

A FINE EXAMPLE of luxurious alpine living

# DESCRIPTION

Chalet Bibi is one of Verbier's most stylish private homes.

The chalet's secluded and elevated position affords it breath-taking views over the surrounding peaks. For the more advanced skier, you can ski from the Savoleyres sider of the mountain off-piste back onto the terrace.

This very special property has been beautifully constructed and the high-end, contemporary design has been expertly juxtaposed with traditional features, aged woods and natural stones.

Sleeping up to 6+3 guests in five bedrooms, this is the perfect property for a family or group of friends looking for luxury living in the heights of Verbier. The chalet is discreetly located above Chemin de Clou on a private road.

You enter the chalet through the underground garage into the entrance hallway. Here you will find plenty of storage for your skis, heated boot warmers, and a guest toilet. Moving upstairs to the first floor, you will find four bedrooms, two of which have access to the terrace. There are two double bedrooms; one with an en-suite bathroom and one with an en-suite shower. All of the bedrooms have neutral tones, rustic stone and woods creating a traditional alpine setting. Also on this floor is one children bunk room; with single bunk beds. This bedroom also comes with either an en-suite childrens bathroom.

Spa and wellness is at the heart of this chalet, with a wonderful sauna and hammam on the first floor. To soothe aching muscles there is a stunning, sunken, cedar wood hot tub on the balcony. As one of the highest properties in Verbier, the views from the hot tub are simply incredible.

On the top floor of the chalet, you will find the main entertaining areas. A large plump sofa and a collection of retro chairs surround a grand stone fire place. French windows open up onto a spacious terrace with jaw dropping views of the Petit Combin mountain range. A mix of beautiful and eclectic furniture has been expertly sourced to create a fine example of luxury alpine living and most importantly a place of extreme comfort. The kitchen is large with a wonderful bar area and has been made to the highest specification. It is set back from the main living areas to create privacy. The dining area on the far side is a beautiful extension; a sumptuous fur rug lines the floor, whilst the table can easily sit 12 people. This is the perfect spot to entertain friends and family.

The master bedroom also has prime position in the chalet. Large sliding doors open out onto the terrace where you have access to the outdoor hot tub and lovely views of the snow hillside beyond.

# FACILITIES
